Quantum Solutions is pleased to support ANCOR and members in their endeavors through the SRPN program, by providing our deeply integrated, highly flexible, and affordable eMAR/eTAR software, FlexMAR. At Quantum Solutions, we work shoulder to shoulder with our client agencies. ANCOR members will receive (at no additional charge) the ANCOR MedPack Advantage which includes an integration hub to connect to FlexMAR to the full Quantum enterprise medical system and three integrated medical packages of their choice.
